Mr. Frank J. Ciavattieri (HAA-1903)  
New Bedford Harbor Project Manager  
Region I - EPA  
JFK Federal Building  
Boston, MA 02203

Dear Mr. Ciavattieri:

I have enclosed the report "Dechlorination of PCBs in Sediments of New Bedford Harbor." This report evaluates the status of breakdown of PCBs in the sediments of the Harbor and I hope it will be useful in evaluation of remediation of the Harbor.

Your help in obtaining funding for the work is greatly appreciated. If you have any questions regarding the report, please contact me.

Sincerely,

*James L. Lake*
